

The SBE 38 Signal

The official newsletter of the El Paso chapter of the Society of Broadcast Engineers

JUNE 2026

Around the SBE

Latest Workshop: How to Work with A Broadcast Systems Integrator:

This presentation will help teach you all the things you need to know to successfully hire a broadcast systems integrator and get the most out of your relationship with them. We cover what to look for when hiring an outside firm to help you with your project, managing expectations (on both sides!), what the integrator needs, and all the little things that make a project go from good to great.

Hosted by David “Shack” Haralambou, President of BRC, Inc. since 1999 and has been involved with broadcast since 1985. As a Certified Broadcast Television Engineer and principal of BRC, Inc., Shack leads a multidisciplinary team of highly skilled specialists, focused on manifold aspects of broadcast project planning and technology.

The Webinar Takes Place Wed, June 11th at Noon. [Details here](#)

CERTIFICATION WINDOW FOR AUGUST

June 15th is the last date to apply to take an SBE certification exam at a local chapter during at August 7-17 window.

MEETING NOTES

Remembering “Daver”

SBE 38 WELCOMES

You! Join us today or bring a new candidate to our next meeting!

Meeting Notes

Total Attendance: (El Rincon De Cortez)

Please note: the minutes from last months meeting were incomplete as the secretary had a site emergency.

Our Next Chapter Meeting:

Wednesday, June 10th at Noon

Online Zoom Conference

John Kipp of D2D Technologies

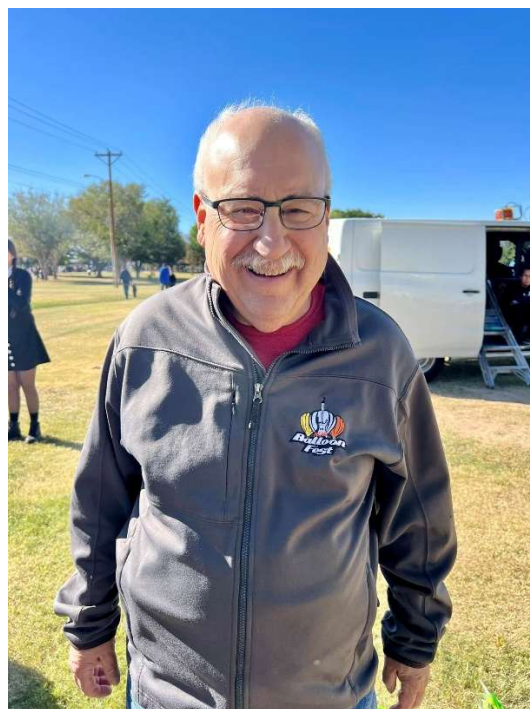

D2D Technologies provides advanced digital video solutions, including multiplexers for ad insertion, EAS messaging, and PSIP rebranding. Founded in 2007,

D2D connects studios to transmitters, cable and mobile phone headends, and public/private fiber networks. With products like encoders, transcoders, and decoders, and a revenue-sharing ad service, D2D enables reliable, value-driven content contribution across broadcast, IPTV, and satellite markets.

We hope you log on!

In Memoriam:

David Halperin

Former Townsquare Engineer David “Daver” Halperin has passed away aged 71

Our own Daver has passed from circumstances around an accident earlier this weekend. No word on arrangements at the moment but the family is very grateful to the thoughts and visits made by his former radio family and friends

Retirement wasn't Daver's style. Even after leaving Townsquare media, he still found time to assist friends with podcasts and other technical expertise needed. He wasn't a stranger to station events and could still be seen enjoying concerts at McKellegon Canyon or at the State Line interacting with the staff he so loved.

Truly a unique, kind and intelligent man who will be missed.

Daver is survived by his brother Alan and sister Marsha.

Our Next Chapter Meeting:

Wednesday, June 10th at Noon

Online Zoom Conference
