NEWS

EL PASO ENNES WORKSHOP MAY 29, 2015

Presented by the Society of Broadcast Engineers (SBE) and hosted by our chapter 38, this year will be the fourth time that the ENNES WORKSHOP will be brought to El Paso, Texas.

Engineers and non-engineers from Mexico, New Mexico, southwest Texas and other cities from Texas had enjoyed the benefit of having this event at a very short trip and at the convenience of walking distance from the El Paso International Airport.

The ENNES WORKSHOP was presented for the first time in the year 2010, and then repeated in 2012 as well as 2014 with great success and enthusiasm.

We are very grateful with our Society for providing this “almost” free education and most of all, with the sponsorship of our sustaining members for the economical help. THANK YOU !!.

In our last regular meeting, we decided that every other year was not a real UPDATE, because new stuff comes more often and we want to learn them in a more continuous basis.

We decided to maintain the same fee as last year, so it will be affordable and accessible to any budget.

Here is a quote from our chapter webmaster:

“The Ennes Workshop plays a very important part in keeping up with today’s technological advances in the broadcast industry”.

-Norbert miles.

We encourage and invite you to be a part of this great event.!!,

Please wait for the invitation and brochure soon to be in your mail, but in the meantime, make plans to attend for Friday May 29, 2015, all day long (8 am to 5 pm) at the Wyndham El Paso Airport Hotel & WaterPark.

What are Ennes

Workshops?

The **Ennes Workshops** were created in 1991 through the Ennes Educational Foundation Trust in an effort to bring affordable education to members locally. The Ennes Educational Foundation Trust, through its Education Foundation Committee, offers periodic workshops and seminars around the United States. Programs are typically one day in length (app. 9 a.m.-5 p.m.) and are very affordable. These programs feature multiple topics and speakers that provide television and radio engineers with the latest information in broadcast and media technology.

APRIL PROGRAM

There was no presentation for last month, just our regular meeting with a minimum attendance, not enough for election of officials.

For April, we are going to have a surprise presentation, which it needs to be confirmed this week and this won't fall in the second Tuesday (the 14th), instead, only for this time, we will meet on the 21st, at NOON at the KFOXTV-CBS4 new building, where we can have a tour with our hosts Bruno Cruz and Owen Smith

Please be there, I promise you will be amazed with the brand new Installation and enjoy lunch provided by our hosts.
